

Turner Arts Summer Program

The LIME Foundation

The Turner Arts Initiative is a program of The LIME Foundation. It is dedicated to encouraging and supporting teens who are interested in pursuing the arts through creative exploration. Every week, a different local professional will help you discover new mediums in arts and creative technology. The program culminates in a talent show that highlights the work you create this summer. Sign up for one course – or all six! Classes include snacks and drinks.

Videography

Explore the world of videography including techniques, terminology and editing with one of Sonoma County's top videographers. You will create a short group video that will be debuted in the talent show during the Teen Art Showcase on August 1st.

Dance Program

This dance class, geared toward beginner dancers, will explore the history of dance, techniques and various types of dance including modern and hip-hop. Students will perform a dance together in the talent show during the Teen Art Showcase on August 1st.

Musical Theater Program

Explore musical theater and challenge yourself to improve your singing and performance skills with training, practice and participation. You'll get to explore all aspects of a production, both on-stage and behind-the scenes. The course will end with a short performance in the talent show during the Teen Art Showcase on August 1st.

Photography

Using cameras provided by the Turner Arts Initiative, you can explore the world of photography, including terminology, composition and editing. Your own photos will be displayed at the Teen Art Showcase on August 1st.

Music and Recording Arts

Explore music using guitar, drums, percussion, keyboard and more! You'll get to perform and record a song using Chop's recording studio while learning how to use programs like Garage Band, Ableton, Logic Pro and others. The song will be debuted during the Talent Show portion of the Teen Art Showcase on August 1st.

Visual Arts

There are endless opportunities in the visual arts and this class will begin to explore a few including painting, sculpture, graphic design and more! You'll get to showcase your creativity and works of art at the Teen Art Showcase on August 1st.
